

Connect to **Opportunity** Total Connect™ Remote Services

Honeywell's outdoor wireless sensors work with Total Connect Remote Services to notify end-users when activity is sensed by the protected outdoor area or valuable via e-mail, text messages, alerts and more on their PCs, smartphones, tablets and compatible wireless mobile devices. It's a great way to provide you with more RMR! For more information, visit www.totalconnecttoolkit.com.

Picture **The Possibilities** Total Connect™ Video Services

- Your customers can view outdoor areas of their homes or businesses via live, streaming video
- When motion is detected in the designated area or by the protected object, a video alert, picture or series of pictures can be sent to end-users directly
- Can view up to six cameras at a time on any PC or compatible mobile device

IPCAM-WO

Take a Look Outside.

5816OD Outdoor Wireless Contact

Robust, All-Weather Outdoor Security Solutions for Your Customers...Available Only From Honeywell!

Until now, many security dealers have had to walk away from protecting outdoor areas and valuable items—even when asked—due to the high costs, complexity and labor involved. Honeywell's 5816OD Wireless Outdoor Contact changes all of that! If you can install a 5800 Series wireless sensor, you're in business.

In fact, Honeywell's 5816OD is the industry's only wireless magnetic contact designed for harsh outdoor environments. It's an integral part of our connected home and building solutions.

Paintable Surface

5816OD
OUTDOOR WIRELESS CONTACT

- Operates in temperatures from -40° F to 150° F (-40° C to +66° C), (100% RH)
- Weather-proof (NEMA 4X rated) and water-resistant housing
- Easy installation with a wide gap of 1.75" (1.25" on steel)
- Deploys the latest electronic components to deliver outstanding performance in any climate
- Ideal for gates, sheds, fences, barns, detached garages and more
- Long-life AA lithium batteries that your customers can easily change themselves
- Compatible with Total Connect™ Remote Services
- Compatible with Honeywell VISTA™ panels and LYNX controls

More Outdoor Options to Differentiate Your Business

Honeywell's 5800PIR-OD is an ideal solution for outdoor sensing needs in difficult-to-wire locations—avoiding the costs and time to trench hardwired solutions.

5800PIR-OD
OUTDOOR WIRELESS MOTION DETECTION

- Superior protection for pool areas, driveways, boats, trailers, car lots, rooftops, cellular sites and more in residential and commercial settings
- Easy installation—no trenching, excavating or subcontracting
- Range adjustable up to 40 ft. with a 90° adjustable pattern
- Weather-proof (IP54 rated) and water-resistant housing with a temperature range of -4° F to 122° F
- Provides immunity to false alarm sources like pets, small animals and other outdoor disturbances
- Dual passive infrared design—both PIRs must be tripped to declare an alarm
- Compatible with Total Connect™ Remote Services
- Compatible with Honeywell VISTA™ panels and LYNX controls
