
Find the serial number on an Alarm.com Smart Thermostat

The serial number of an Alarm.com Smart Thermostat (ADC-T3000 or ADC-T2000) can be found on the box it came packaged in or locally on the thermostat.

To find the serial number of an ADC-T3000:

On the box:

The serial number is the 16-digit located below the barcode on the sticker.

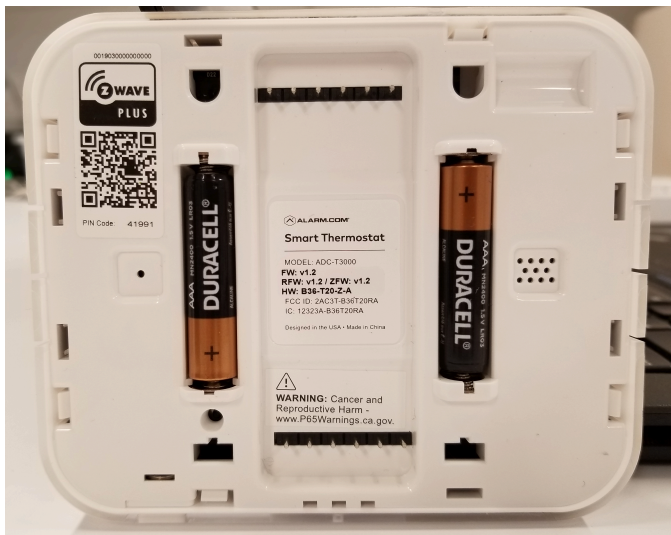

On the thermostat:

1. Identify the thermostat as an ADC-T3000.

2. Remove the back cover.

3. The serial number is the 16-digit number located above the Z-Wave Plus sticker.

To find the serial number of an ADC-T2000:

Important: If requesting a return (RMA) of the ADC-T2000, select the **Parts Without Unique Identifiers** category since serial numbers are not used for these RMAs.

Add Parts

Select a device type and enter relevant details to add to your RMA request.
