

Where is the MAC address located on the ADC-VDB750?

The MAC address is printed directly below the QR code which can be found under the back cover of the ADC-VDB750. Additionally, the MAC address is printed on the product packaging as well as a reference sheet included in the box.

Note: The MAC address is also available to view using the Customer Website, Partner Portal, or the MobileTech app after the device is enrolled on the account. For more information, see [Find the MAC address of a camera](#).
