

SEACRET™
MINERALS FROM THE DEAD SEA

Facts on Dead Sea

- Is a Lake bordering Jordan to the east and Isarel and the West Bank to the west. Its surface and shores are 423 metres (1,388 ft) below Sea Level, Earth's lowest elevation on land.
- The Dead Sea is 377 m (1,237 ft) deep, the deepest hypersaline lake in the world. With 33.7% salinity excludes any animal or vegetable life.
- The Dead Sea is 3 million years old.
- Millions of people have travelled to the Dead Sea every single year to cover their body with mineral rich mud, bathe in the salty water, 12 of the 26 minerals can only be found in the Dead Sea nowhere else in the world.
- Cleopetra attributed her beauty to the Dead Sea but it is most famous for its incredible healing properties which have been written about for Centuries. Even Aristotle wrote about the Dead Sea in his writings.
