

Technical Information

# Kresto® ATP / Kresto® ATP liquid [CUPRAN® SPECIAL/CUPRAN® LIQUID]

# Skin Cleansing

Specialty hand cleanser for removing extremely stubborn soils caused by oil, paints, lacquers, resins, adhesives, etc.

# **Description**

Kresto® ATP and Kresto® ATP liquid are specialty hand cleansers with very strong cleaning power to remove some of the toughest soils. Given the type of contaminants Kresto® ATP and Kresto® ATP liquid are designed to remove, their skin compatibility is remarkably good.

# **Areas of Application**

Kresto® ATP and Kresto® ATP liquid are ideal for use in industries such as automotive paint and body work, certain types of heavy assembly, metal working and silk screen printing. Product cleans substances including oil-based paints, lacquers, enamels, adhesives, sealers, primers, coatings, glues and resins from the skin.

#### Instructions for Use

- Do not wet soiled hands.
- Thoroughly rub in small amount of Kresto® ATP or Kresto® ATP liquid.
- Add a little water and continue washing.
- Rinse with plenty of water and dry thoroughly.

Make sure the room is well ventilated if larger quantities of Kresto® ATP or Kresto® ATP liquid are used. Do not let product come in contact with plastics.

Kresto® ATP and Kresto® ATP liquid are not meant to be used for cleaning surfaces or in manufacturing processes.

# **Features and Benefits**

Features	Benefits
no water added	effective and economical cleansing with just small quantities of the cleanser required
special, ester-based solvent	<ul> <li>outstanding cleansing action while still offering good skin compatibility</li> <li>not classified as a combustible product as is the case with conventional solvent-based hand cleansers</li> <li>low-odor formulation with a high level of consumer acceptance</li> </ul>
non-soapy pH neutral	<ul> <li>helps to stop skin swelling</li> <li>helps to maintain the natural acidic protective mantle, whose function includes protecting the skin from bacterial and fungal infection</li> </ul>
preservative-free	minimizes the risk of skin incompatibility
Kresto® ATP contains all natural, biodegradable walnut shell scrubbers (ASTOPON®)	<ul> <li>has a particle size that is gentle on skin</li> <li>biodegradable and poses no problems for waste-water treatment or waste-water sludge</li> <li>a renewable raw material and therefore kind to the environment</li> <li>does not strain the environment by depleting timber supplies</li> <li>easily rinses away, preventing blocked drains and pipes</li> </ul>

# **Product Description**

#### Kresto® ATP:

Light beige paste containing a natural walnut shell powderscrubber (Astopon®) and a safe solvent; density (at 68°F): approx. 1.05 g/cm3; pH-value: 5.2 - 5.8.

#### Kresto® ATP Liquid:

Colorless liquid.

#### Ingredients\*

#### Kresto® ATP:

DIMETHYL GLUTARATE, LAURETH-5, WALNUT SHELL POWDER (ASTOPON®), DIMETHYL ADIPATE, OCTYL STEARATE, CELLULOSE ACETATE BUTYRATE, QUATERNIUM 18/BENZALKONIUM BENTONITE, STEARALKONIUM BENTONITE, TITANIUM DIOXIDE, PROPYLENE CARBONATE, FRAGRANCE, SILICA

#### Kresto® ATP Liquid:

DIMETHYL GLUTARATE, LAURETH-6, ETHYLHEXYL STEARATE, DIMETHYL ADIPATE, DIMETHYL SUCCINATE, FRAGRANCE

\*The ingredient declarations used are in conjunction with the International Nomenclature for Cosmetic Ingredients (INCI).

#### Skin Compatibility Tests

Kresto® ATP / Kresto® ATP liquid have proven to have good skin compatibility properties in human-experimental tests and in practical use.

Medically certified skin compatibility expert reports prepared by Prof. Dr. med. S. W. Wassilew, Ret. Director of the Department of Dermatology Krefeld Hospital, MD for Dermatology, Allergology, Environmental Medicine, are available upon request.

#### **Shelf Life**

Kresto® ATP / Kresto® ATP liquid can be stored in a closed container at room temperature for up to 30 months.

All Deb® products are tested for stability at temperatures between 23°F and 104°F. When tested at temperatures below 41°F and above 86 F, the products begin to fluctuate in viscosity. Hand cleaners may become cloudy or freeze partially at temperatures of 32°F or below, however, they are usable after thawing.

#### First Aid

For external use only. If product accidentally enters the eyes, flush thoroughly with lukewarm water. Contact a physician if burning sensation persists.

If ingested, call a doctor.

#### **Additional Information**

Expert reports are available upon request.

#### **Packaging Sizes**

### Kresto® ATP

250ml Tube - #pn28187112

2000ml dispenser cartridge - #pn98187406 (to be used with STOKO VARIO ULTRA® dispenser)

# Kresto® ATP liquid

1000ml bottle - #33943
